No. 76PSC/CON/E-84/2012-13 (M)

Dated Guwahati, the 12th October, 2018

PRESS RELEASE

It is seen that a section of the media has been raising some vague and speculative issues relating to the recently declared results of the Combined Competitive (Mains) Examination, 2016. This kind of unsubstantiated allegations are totally unjustified as well as demeaning and demoralising to the candidates who have qualified for the viva-voce/personality test through sheer hard work and merit. This will also discourage the prospective candidates.

The Commission is of the view that any issue pertaining to the process should be raised objectively and with specific details. The Commission, has time and again, tried to bring home this aspect through various media releases. The Commission, has now decided that there will be no further rejoinder by the Commission on these matters.
