ASSAM PUBLIC SERVICE COMMISSION

Jawaharnagar, Khanapara, Guwahati-22

PRESS NOTICE

In view of publication of numerous letters to Editors and news reports in both print and electronic media casting aspersions on the Assam Public Service Commission of it being authoritarian, callous and unresponsive in the matters of not postponing the CCE(M), 2018 slated for July and August, 2019 on various and motley grounds, the Commission has decided to come out with the following clarification:

- It had been mandatory for employed candidates to obtain NOC from employers and submit copy with application forms. The Commission relaxed this norm in the CCE(P), 2018 at the behest of the candidates by allowing them to enclose copy of intimation letters they submitted to their employers. But it no way absolves the candidates from the responsibility of obtaining NOC in the meantime. The Commission will verify copies of NOC at the time of the interview. Since if anyone is not allowed to join on selection by respective employers, a post remains vacant which the Commission cannot allow to happen. The candidates engaged in NRC work must have intimated their employers beforehand to appear in the examination. The Commission cannot be held responsible if employers do not allow them to appear in the examination for any reason they deem fit now.
- The Commission usually consults the major examination schedule of the UPSC, SSC, NET, SET etc. while finalizing the examination schedule of its own. The Commission cannot take note of all examinations conducted by institutions during the whole year, lest it would not be holding any recruitment examinations at all.
- The tentative schedule of examinations/interviews for the calendar year of 2019 published by the Commission on the last day of 2018, had clearly mentioned that the CCE(M), 2018 would be held in the month of July, 2019. Therefore, genuine candidates must have followed this schedule.

The Commission holds the examination for all candidates and has to fulfill the interest of all aspiring candidates in an unbiased manner. Many candidates had prepared themselves braving extreme odds and managed their time depending on the schedule already published. Therefore, postponement of the examination may serve the interest of a few, but will jeopardize the interest of a large section of the candidates. However, the Commission is always alive to genuine reasons like natural calamities etc. Hence, all are requested to hold onto their self-belief and not driven by publicity.
