00285

TEST BOOKLET
Paper—III
(CHILD DEVELOPMENT)

Series

Time Allowed : 2 Hours

Full Marks : 100

Read the following instructions carefully before you begin to answer the questions :

1. The name of the Subject, Roll Number as mentioned in the Admission Certificate, Test Booklet No. and Series are to be written legibly and correctly in the space provided on the Answer-Sheet with Black/Blue ballpoint pen.
2. **Answer-Sheet without marking Series as mentioned above in the space provided for in the Answer-Sheet shall not be evaluated.**
3. All questions carry equal marks.

The Answer-Sheet should be submitted to the Invigilator.

Directions for giving the answers : Directions for answering questions have already been issued to the respective candidates in the 'Instructions for marking in the OMR Answer-Sheet' along with the Admit Card and Specimen Copy of the OMR Answer-Sheet.

Example :

Suppose the following question is asked :

The capital of Bangladesh is

- (A) Chennai
- (B) London
- (C) Dhaka
- (D) Dhubri

You will have four alternatives in the Answer-Sheet for your response corresponding to each question of the Test Booklet as below :

In the above illustration, if your chosen response is alternative (C), i.e., Dhaka, then the same should be marked on the Answer-Sheet by blackening the relevant circle with a Black/Blue ballpoint pen only as below :

The example shown above is the only correct method of answering.

4. Use of eraser, blade, chemical whitener fluid to rectify any response is prohibited.
5. Please ensure that the Test Booklet has the required number of pages (16) and 100 questions immediately after opening the Booklet. In case of any discrepancy, please report the same to the Invigilator.
6. No candidate shall be admitted to the Examination Hall/Room 20 minutes after the commencement of the examination.
7. No candidate shall leave the Examination Hall/Room without prior permission of the Supervisor/Invigilator. No candidate shall be permitted to hand over his/her Answer-Sheet and leave the Examination Hall/Room before expiry of the full time allotted for each paper.
8. No Mobile Phone, Electronic Communication Device, etc., are allowed to be carried inside the Examination Hall/Room by the candidates. Any Mobile Phone, Electronic Communication Device, etc., found in possession of the candidate inside the Examination Hall/Room, even if on off mode, shall be liable for confiscation.
9. No candidate shall have in his/her possession inside the Examination Hall/Room any book, notebook or loose paper, except his/her Admission Certificate and other connected papers permitted by the Commission.
10. Complete silence must be observed in the Examination Hall/Room. No candidate shall copy from the paper of any other candidate, or permit his/her own paper to be copied, or give, or attempt to give, or obtain, or attempt to obtain irregular assistance of any kind.
11. This Test Booklet can be carried with you after answering the questions in the prescribed Answer-Sheet.
12. Noncompliance with any of the above instructions will render a candidate liable to penalty as may be deemed fit.
13. No rough work is to be done on the OMR Answer-Sheet. You can do the rough work on the space provided in the Test Booklet.

N.B. : There will be negative marking @ 0.25 per 1 (one) mark against each wrong answer.

/10-A

[No. of Questions : 100]

SEAL

1. Pradhan Mantri Matru Vandana Yojana is
 - (A) a maternity benefit scheme
 - (B) cash incentive provided from 4K to 6K to pregnant and lactating mothers
 - (C) a centrally sponsored scheme
 - (D) All of the above

2. Headquarters of the World Health Organization is in
 - (A) Geneva
 - (B) New York
 - (C) London
 - (D) Tokyo

3. The Nodal Ministry for Planning and Implementation of the scheme Beti Bachao Beti Padhao is
 - (A) Ministry of Women and Child Development
 - (B) Ministry of Health and Family Welfare
 - (C) Ministry of Rural Development
 - (D) Ministry of Social Justice and Empowerment

 - (A) Froebel
 - (B) Montessori
 - (C) M. K. Gandhi
 - (D) None of them

7. The Child-Centered Curriculum was introduced by
 - (A) Jean-Jacques Rousseau
 - (B) Johann Pestalozzi
 - (C) John Dewey
 - (D) Maria Montessori

8. Play equipment of pre-school should be
 - (A) strong and durable
 - (B) attractive
 - (C) safe
 - (D) All of the above

9. The ECE curriculum should be
- (A) adult-centered
 - (B) child-centered
 - (C) activity-based
 - (D) All of the above
10. Doll Corner in an ECCE Centre is arranged for
- (A) solitary play
 - (B) outdoor play
 - (C) dramatic play
 - (D) None of the above
11. The study of human across the life span is known as
- (A) developmental psychology
 - (B) educational psychology
 - (C) social psychology
 - (D) child psychology
12. A baby doubles his birth weight by
- (A) 5-6 months
 - (B) 8-9 months
 - (C) 10-11 months
 - (D) 11-12 months
13. Active state of mind which reacts on sensation and interprets it is known as
- (A) sensation
 - (B) comprehension
 - (C) perception
 - (D) submission
14. The education philosophy developed by Tarabai Modak for early childhood education is
- (A) Balwadi
 - (B) Montessori method
 - (C) Waldorf education
 - (D) Reggio Emilia approach
15. The essential of a good ECCE Centre is
- (A) site
 - (B) surrounding
 - (C) plan
 - (D) All of the above
16. Storytelling helps children to keep in learning
- (A) result of story
 - (B) characters of story
 - (C) intensity of sound
 - (D) sequence of events
17. The best theme to start with a nursery school is
- (A) My Best Friend
 - (B) My Neighbourhood
 - (C) My School
 - (D) My Family

- 18.** Identity crisis occurs during
- (A) adulthood
 - (B) early childhood
 - (C) late childhood
 - (D) adolescence
- 19.** Growth and development is determined by
- (A) genetic make-up
 - (B) environment
 - (C) heredity and environment
 - (D) gestation
- 20.** Cerebral palsy is a congenital disorder affecting
- (A) movement
 - (B) muscle tone
 - (C) posture
 - (D) All of the above
- 21.** Early childhood is a period of rapid
- (A) physical development
 - (B) holistic development
 - (C) brain development
 - (D) social development
- 22.** What is exclusive breastfeeding?
- (A) Breastfeeding to child up to 6 months without any other food
 - (B) Breastfeeding up to 2 years
 - (C) Breastfeeding immediate after birth
 - (D) None of the above
- 23.** Anaemia can lead to
- (A) reduced physical development
 - (B) impaired sexual and reproductive development
 - (C) reduced cognitive development
 - (D) All of the above
- 24.** During the first 6 years of a child, brain develops
- (A) 30%
 - (B) 60%
 - (C) 90%
 - (D) 70%
- 25.** Which scheme promotes education and welfare of girl child?
- (A) BBBP
 - (B) PMMVY
 - (C) OSC
 - (D) None of the above
- 26.** IYCF stands for
- (A) Importance of Young Child Feeding
 - (B) Infant Young Child Complementary Feeding
 - (C) Infant Young Child Feeding
 - (D) None of the above

27. The pregnant women should consume IFA Tablet daily starting from
- (A) 1st month
 - (B) 3rd month
 - (C) 4th month
 - (D) 6th month
28. Which of the following services is **not** provided under ICDS?
- (A) Supplementary Nutrition (SNP)
 - (B) Health check-up
 - (C) Formal education
 - (D) Immunization
29. A stunting child is for
- (A) low weight for age
 - (B) low height for age
 - (C) low weight for height
 - (D) None of the above
30. What is the target group covered under 'MAA' (Mothers' Absolute Affection) Program?
- (A) Pregnant women, lactating mothers, children below 5 years
 - (B) Pregnant women, lactating mothers and mother support group
 - (C) Pregnant women, lactating mothers and children below 2 years
 - (D) Mother, caregivers, father and other family members and children 6 months to 2 years
31. To measure the length of 0-2 years child, which device is used?
- (A) Infantometer
 - (B) Stadiometer
 - (C) Salter scale
 - (D) Mother and child weighing scale
32. The full form of WASH is
- (A) Water, Sanitation and Health
 - (B) Water, Sanitation and Hygiene
 - (C) Water and Sanitation of Health
 - (D) Wash, Sanitation and Hygiene
33. Fortified rice is
- (A) deliberate addition of one or more micronutrients to increase its nutrition value
 - (B) addition of polymer to increase the lustre
 - (C) rice boiled with special serum to decrease the carbohydrate ratio
 - (D) rice processed in a special thresher to retain its barn
34. What is the minimum recommendation of meals daily (in 24 hours) for a 9-month-old child?
- (A) 2 times
 - (B) 3 times
 - (C) 4 times
 - (D) 5 times

35. For severely mentally retarded, the IQ range is
- (A) 20-35
 - (B) 10-20
 - (C) 40-50
 - (D) 38-48
36. Identify the true statement in relation to gender.
- (A) Gender is a numerical concept.
 - (B) Gender is biologically determined.
 - (C) Gender is same as the sex of a person.
 - (D) Gender is a social construct.
37. The playway method of learning is useful for
- (A) early childhood period
 - (B) infancy
 - (C) middle childhood
 - (D) adolescence
38. Identify the correct statement of Wechsler Intelligence Scale.
- (i) It is developed by Alfred Binet.
 - (ii) Wechsler created a test that tapped a wide range of intellectual abilities.
- (A) Only (ii)
 - (B) Neither (i) nor (ii)
 - (C) Only (i)
 - (D) Both (i) and (ii)
39. Anoxia is
- (A) inadequate oxygen supply
 - (B) premature separation of placenta
 - (C) a technique to obtain sample of amniotic fluid
 - (D) None of the above
40. Psychologist called late childhood period as
- (A) pre-gang age
 - (B) gang age
 - (C) pre-school age
 - (D) troublesome age
41. 90% of the children can stand along well by
- (A) 5-4 months
 - (B) 8-5 months
 - (C) 10-2 months
 - (D) 13-7 months
42. A child learns to distinguish right and wrong and begins to develop a conscience during
- (A) early childhood
 - (B) late childhood
 - (C) adolescence
 - (D) None of the above

43. Emotional development is a part of
- (A) motor development
 - (B) cognitive development
 - (C) psychosocial development
 - (D) None of the above
44. The key emphasis of the NEP, 2020 regarding pedagogical structure for early childhood education is
- (A) strict adherence to standardized testing
 - (B) play-based and activity-based learning approach
 - (C) rote memorization
 - (D) early introduction of formal examination
45. The period from birth to fifteen to thirty minutes after birth is
- (A) period of neonate
 - (B) period of parturient
 - (C) babyhood
 - (D) None of the above
46. Children of what age group are enrolled in Anganwadi centres for pre-school education?
- (A) 2 years to 5 years
 - (B) 3 years to 6 years
 - (C) 4 years to 6 years
 - (D) 3 years to 7 years
47. Poliomyelitis an acute communicable disease is caused by
- (A) bacterial infection
 - (B) viral infection
 - (C) Both (A) and (B)
 - (D) None of the above
48. Comprehension and use of language develop rapidly during
- (A) prenatal period
 - (B) infancy and toddlerhood period
 - (C) pre-school period
 - (D) middle childhood period
49. Children gain control of hand and finger by the age of
- (A) 2 years to 3 years
 - (B) 9 months to 12 months
 - (C) 1 year to 2 years
 - (D) 12 months to 18 months
50. What is an important milestone of cognitive development of toddlers?
- (A) Distinguishing between 'you' and 'me'
 - (B) Responding to mother's voice
 - (C) Beginning to babble and gurgle
 - (D) Wiggling and kicking arms and legs
51. What is full form of FLN?
- (A) Foundation Literacy and Numeracy
 - (B) Foundational Learning and Numbers
 - (C) Functional Learning and Numeracy
 - (D) None of the above

52. NEP, 2020 aimed to achieve equitable access to the highest quality education for all learners regarding social or economic background. The target will be achieved by the year
- (A) 2040
(B) 2030
(C) 2035
(D) 2027
53. NEP, 2020 replaced by a new pedagogical and curricular structure. What is the new curricular structure according to NEP, 2020?
- (A) 3 + 4 + 4 + 5 model
(B) 5 + 3 + 3 + 4 model
(C) 4 + 3 + 3 + 5 model
(D) 5 + 4 + 3 + 3 model
54. The founder of psychoanalysis theory is
- (A) Piaget
(B) Bridges
(C) Freud
(D) Hurlock
55. Nipun Bharat aims at ensuring every child in the country necessarily attains foundational literacy and numeracy by the year
- (A) 2027–2028
(B) 2025–2026
(C) 2026–2027
(D) 2028–2029
56. Which of the following activities is appropriate for oral language development of children of 3–6 years?
- (A) Picture reading
(B) Storytelling
(C) Outdoor activities
(D) All of the above
57. Activities for young children such as playing with mud, clay modelling, colouring will assist in
- (i) improving eye-hand coordination
(ii) fine motor development
(iii) enhancing creativity
(iv) building sympathy
- Choose the correct answer.
- (A) (i), (ii) and (iii)
(B) (ii), (iii) and (iv)
(C) (i), (ii) and (iv)
(D) All of the above
58. What is the correct sequence of mental processing in children?
- (A) Matching, naming and classifying, understanding relationship, perceiving pattern, problem solving
(B) Naming and classifying, matching, understanding relationship, perceiving pattern, problem solving
(C) Understanding relationship, matching, naming and classifying, perceiving pattern, problem solving
(D) Perceiving pattern, matching, naming and classifying, understanding relationship, problem solving

59. All displays in classroom should be kept at

- (A) eye level of the child
- (B) above eye level of the child
- (C) eye level of teacher
- (D) at a place where children cannot reach and cannot spoil them

60. Early childhood period is critical because

- (i) development of a child during the first years lays the foundation for rest of the life
- (ii) deprivation in early years can impact later development
- (iii) synaptic connections of the brain neurons take place during the period
- (iv) considerable learning takes place during early childhood which prepares the child for adulthood

Choose the correct answer.

- (A) (i), (ii) and (iii)
- (B) (ii), (iii) and (iv)
- (C) (i), (ii) and (iv)
- (D) All of the above

61. Factors influencing growth and development of a child are

- (i) environment
- (ii) prenatal environment
- (iii) maturation and learning
- (iv) sex of the child

Choose the correct answer.

- (A) (i), (ii) and (iii)
- (B) (ii), (iii) and (iv)
- (C) (i), (ii) and (iv)
- (D) All of the above

62. When children use learning materials like seriation cards, matching cards, pairing cards, puzzles, etc., it

- (i) promotes reasoning ability
- (ii) enhances memory skills
- (iii) enhances leadership skills
- (iv) builds problem solving skills

Choose the correct answer.

- (A) (i), (ii) and (iii)
- (B) (ii), (iii) and (iv)
- (C) (i), (ii) and (iv)
- (D) All of the above

63. As per ECCE Policy, 2013, early childhood is the period from

- (A) conception to six years
- (B) birth to six years
- (C) birth to three years
- (D) three to six years

64. Purpose of assessment of child learning outcome in early childhood education is

- (i) to understand about children's learning and development of domains
- (ii) to ensure that ECE programme remains child-centric
- (iii) to give an insight into children's interest achievements and possible difficulties in their learning
- (iv) to grade ECE teacher/Anganwadi worker

Choose the correct answer.

- (A) (i), (ii) and (iii)
- (B) (ii), (iii) and (iv)
- (C) (i), (ii) and (iv)
- (D) All of the above

65. Principles of assessment of child learning outcome in pre-school activity (PSE) are that

- (i) it should be formative by nature
- (ii) it is continuous and ongoing process
- (iii) assessment must be qualitative judgement of children's performance
- (iv) home-based observation should be encouraged

Choose the correct answer.

- (A) (i), (ii) and (iii)
- (B) (ii), (iii) and (iv)
- (C) (i), (ii) and (iv)
- (D) All of the above

66. Where is the juvenile justice or children's right included in the Constitution?

- (A) Clause (3) of Article 15
- (B) Article 15 Clause (e)
- (C) Clause (f) of Article 39
- (D) All of the above

67. In RPwD Act, 2016, the list of disabilities has been expanded from

- (A) 8 to 23
- (B) 5 to 21
- (C) 7 to 25
- (D) 7 to 21

68. The term 'mental retardation' is replaced with which term?

- (A) Mental weakness
- (B) Intellectual disability
- (C) Intellectual backwardness
- (D) Intellectual disadvantage

69. The Rehabilitation Council of India Act, 1992 passed in the Parliament, was created to regulate manpower development programme in the field of

- (A) education for orphan
- (B) education for individual with special needs
- (C) education for delinquents
- (D) education for tribal

70. The Juvenile Justice Care and Protection Act was passed by the Government of India in
- (A) 1984
(B) 1993
(C) 2000
(D) 2004
71. Which of the following is **not** a cause of orthopedic impairment?
- (A) Genetic or hereditary
(B) Cause operative at the time of birth
(C) Accidental and incidental factor
(D) Loud noise
72. The Hindu Adoption and Maintenance Act was enacted in
- (A) 1952
(B) 1955
(C) 1956
(D) 1958
73. The Indian Marriage Amended Act was passed in the year
- (A) 1972
(B) 1974
(C) 1976
(D) 1978
74. The specific objective of family planning is to attain
- (A) proper spacing and limitation of birth
(B) education for parenthood
(C) marriage counselling
(D) All of the above
75. The legal process by which marriage is cancelled and the man and woman are restored to their single status again just as if they had never been married is
- (A) desertion
(B) annulment
(C) divorce
(D) judicial separation
76. Which of the following are the components of nurturing care for young children?
- (i) Safety and security
(ii) Good nutrition and health
(iii) Responsive caregiving
(iv) Opportunities for early learning
- Choose the correct answer.
- (A) (i), (ii) and (iii)
(B) (ii), (iii) and (iv)
(C) (i), (ii) and (iv)
(D) All of the above
77. Which of the following are developmental milestones of a 6-month-old child?
- (i) Transfers big objects from one hand to another
(ii) Sits without support with good coordination for a few seconds
(iii) Object permanence well established
(iv) Starts babbling
- Choose the correct answer.
- (A) (i), (ii) and (iii)
(B) (ii), (iii) and (iv)
(C) (i), (ii) and (iv)
(D) All of the above

78. Which child will learn to read more quickly?

- (A) A child who can read the alphabets easily
- (B) A child who has phonological awareness of alphabets
- (C) A child who can write the alphabets
- (D) All of the above

79. A child should be screened for disability if the child

- (i) does not play age appropriate game
- (ii) shows repetitive behaviour
- (iii) cannot follow simple instruction
- (iv) does not respond to own name

Choose the correct answer.

- (A) (i), (ii) and (iii)
- (B) (ii), (iii) and (iv)
- (C) (i), (ii) and (iv)
- (D) All of the above

80. A child first learns to sit followed by crawling, standing and walking. This is explained by

- (A) cephalocaudal law
- (B) proximodistal law
- (C) Both (A) and (B)
- (D) Neither (A) nor (B)

81. In which stage of child development, children begin to develop an understanding of themselves as separate and distinct from the environment?

- (A) Sensory motor stage
- (B) Pre-operational stage
- (C) Concrete operational stage
- (D) Formal operational stage

82. Which hormone is responsible for early brain growth?

- (A) Estrogen
- (B) Androgen
- (C) Testosterone
- (D) Thyroxin

83. When child is playing near other children with similar materials but does not try to influence their behaviour, it is

- (A) solitary play
- (B) parallel play
- (C) associative play
- (D) cooperative play

84. Haemophilia is a famous example of

- (A) recessive inheritance
- (B) dominant inheritance
- (C) X-linked inheritance
- (D) None of the above

85. Rod-like structure in the cell nucleus that stores and transmits genetic information is known as
- (A) chorion
 - (B) chromosome
 - (C) gene
 - (D) None of the above
86. Ambidextrous means
- (A) using of right hand
 - (B) using of left hand
 - (C) using of both the hands
 - (D) All of the above
87. The pre-school should proceed from
- (A) concrete to abstract
 - (B) familiar to unfamiliar
 - (C) simple to complex
 - (D) All of the above
88. Gross motor skills refer to the child's ability to
- (A) use a spoon to feed himself/herself
 - (B) use large muscles of the body
 - (C) turn pages in a picture book
 - (D) interact positively with his/her peers
89. Piaget termed late childhood as the
- (A) formal operational stage
 - (B) sensorimotor stage
 - (C) concrete operational stage
 - (D) pre-operational stage
90. Severe Acute Malnourished (SAM) children having medical complication are referred to
- (A) Medical College
 - (B) civil hospital
 - (C) primary health centre
 - (D) nutrition rehabilitation centre
91. Learning is generally considered a lasting change in behaviour based on
- (A) practice and experience
 - (B) practice and challenge
 - (C) challenge and experience
 - (D) challenge and reinforcement
92. The 'Bobo Doll' experiment was conducted by
- (A) Ivan Pavlov
 - (B) Louis Leon Thurstone
 - (C) Albert Bandura
 - (D) Robert J. Sternberg

93. The primary characteristics of children with dyslexia include
- (A) attention deficit disorder
 - (B) fluency in reading
 - (C) inability to read fluently
 - (D) engaging in repetitive actions
94. Person with divergent thinking is known as
- (A) creative
 - (B) non-creative
 - (C) intellectual
 - (D) social
95. The game 'Hide and Seek' helps in developing the concept of
- (A) numbers
 - (B) life and death
 - (C) object permanence
 - (D) distance
96. G. Stanley Hall described adolescence as
- (A) a period of storm and stress
 - (B) a period of growth and maturity
 - (C) problem age
 - (D) dreaded age
97. Role play is an instructional technique which includes
- (A) active participation
 - (B) dramatization
 - (C) characters
 - (D) All of the above
98. The process of being fair to women and men is termed as
- (A) gender equity
 - (B) gender awareness
 - (C) gender sensitivity
 - (D) gender equality
99. "The five senses are gateways of knowledge." It is said by
- (A) Mahatma Gandhi
 - (B) Jean-Jacques Rousseau
 - (C) Maria Montessori
 - (D) B. R. Ambedkar
100. Concept of time helps in development of
- (A) language
 - (B) mathematics
 - (C) writing
 - (D) reading
